

NADIA TAVARES

EXPERIENCE

RESEARCH FELLOW

Clark University, Worcester Massachusetts

September 2022-June 2023

- Investigated social issues leading to exploring research methods to organize a research plan.
- Gathered research through intentional interviews and activities with participants.
- Interpreted data working alongside other researchers to plan a final artifact demonstrating the findings.
- Created a joint timeline of events with youth to engage further with feminism in schooling

RESIDENTIAL ADVISER

Clark University, Worcester Massachusetts

August 2022- Present

- Articulated concerns for residents through contacting sources, such as Community Directors, while inputting data into the CARE report system to ensure resident safety and wellness.
- Created meaningful spaces by inviting residents to spend time together by creating a safe space in my room for conversations
- Created intentional programming that centered on mental health and wellness by providing a physical resource to connect residents with helpful campus resources.

TEACHING FELLOW

Generation Teach, Providence Rhode Island

June 2021- August 2021

- Planned and lead engaging community building initiatives to foster strong student relationships and investment following school closures.
- Individualized student needs by practicing reading skills one on one.
- Built relationships through intentional conversations with youth

SWIM INSTRUCTOR

Department of Conservation and Recreation

June 2023- August 2023

- Proficient in teaching all skill levels, including beginners, intermediate, and advanced swimmers, tailoring lessons to meet individual needs.
- Keep detailed records of student progress, including skill development and assessment reports for parents and guardians.
